

DB InfraGO AG gets things going

Strategic orientation towards the common good

DB InfraGO AG | Strategic orientation | InnoTrans Berlin | 24th-27th September 2024

Basis for the target dimensions of our mission statement are the common good goals from our Articles of Association

Common good goals of DB InfraGO AG

- 1 Needs-based, powerful and efficient rail infrastructure
- 2 High quality in operations
- 3 Efficient, network-wide, user-oriented and non-discriminatory railroad infrastructure management
- 4 Transparency and user participation
- 5 Non-discriminatory competition
- 6 Cross-border rail traffic
- 7 Innovations
- 8 Climate protection

Target dimensions of our mission statement

We are **POWERFUL**

We are **CUSTOMER-ORIENTED**

We are **ORIENTATED TOWARDS THE
COMMON GOOD**

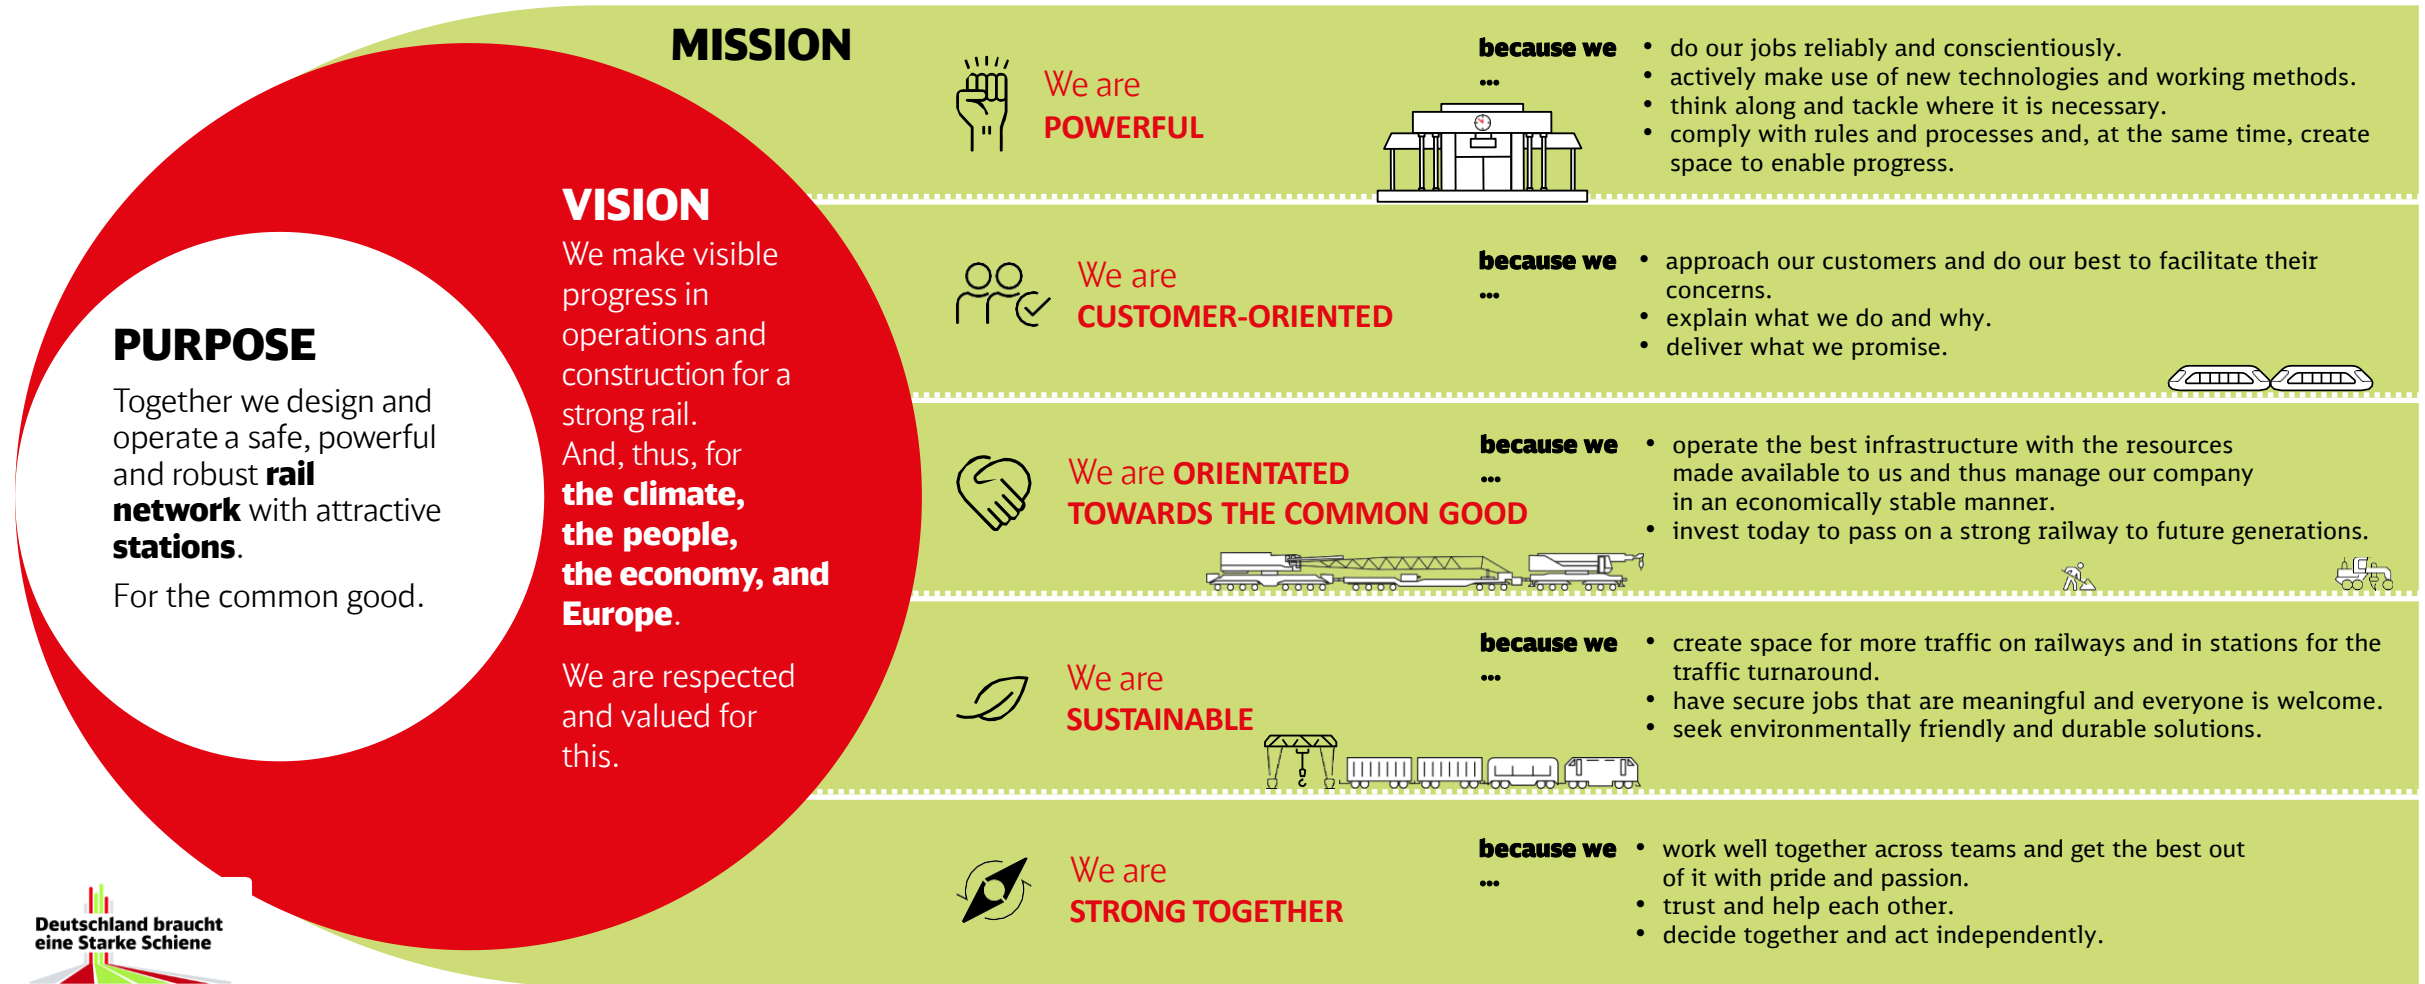

We are **SUSTAINABLE**

We are **STRONG TOGETHER**

The mission statement forms the link between our Strong Rail and business area strategy

For DB InfraGO AG, we have derived main areas of action from our Strong Rail expansion modules

**We are the backbone of the Strong Rail.
To this end, we further develop the rail infrastructure.**

„Active network
modernisation“

„Stations and service
facilities“

„Digital Rail for
Germany“

„Recruit, develop,
retain“

„Green
transformation“

DB InfraGO AG's main areas of action:

**Highly
available and
digitally
condensed**

Availability
and operations

High-performance
network incl. railway
junction renovation
Rapid expansion of
capacity

Digitalisation

Extended network

**Open to
everyone**

Stations of the future

Service facilities

**Targeted
expansion**

New construction, expansion
and electrification

InfraGO programme elements

Thank you.
