Dr. Ulla Kopp

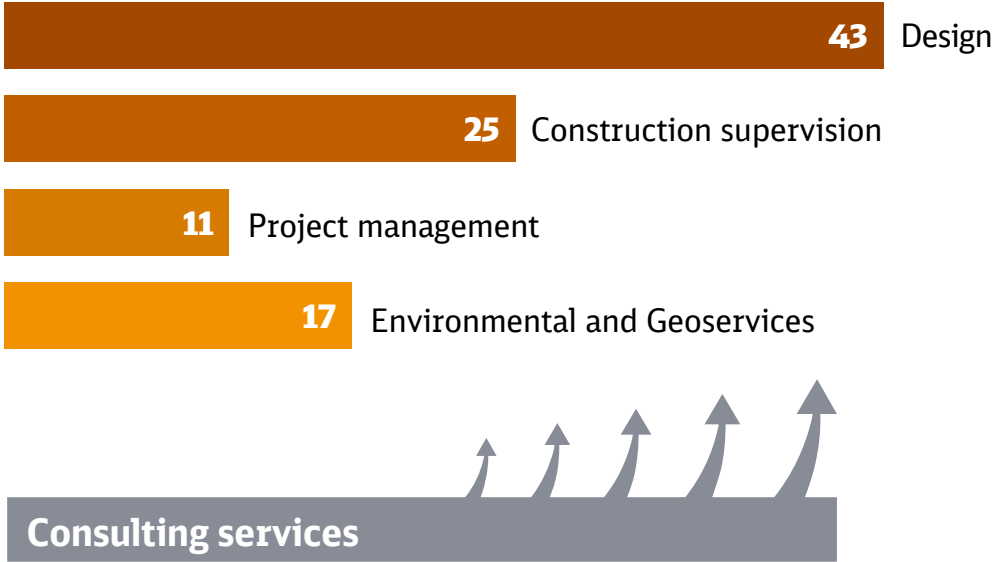

Human
Resources

Jeroen Hansmann

More than **6,200 employees**
 from **86 countries**
 for all technical disciplines

Our specialists

Functional percentage of production staff, 4 % other (as of June 30, 2026)

In Germany

7 regions with more
than **60 locations**

Headquarters Berlin

245
4

The background of the entire slide is an aerial night photograph of a city. A large river flows through the upper left, with a prominent blue-lit bridge crossing it. In the foreground, a large railway station with a modern, curved glass and steel roof is visible, with multiple tracks and trains. The city lights are visible throughout the scene.

Worldwide

Projects in over
100 countries
since **1966**

Variis **locations**
around the globe

Engineering

New construction, conversion or deconstruction?

We can do it all for you!

We'll plan your project from A to Z
and make sure that everything goes smoothly.
We'll find the right balance between deadlines,
budget and quality.

Our services for your project:

- Design
- Construction supervision
- Project management
- Environmental and Geoservices

Digital Solutions

We rely on innovative methods and have the right expertise even for special tasks.

Data acquisition

Multicopter Flights

Structure 360°

Ground-penetrating radar

360° Multisensor Platform

Mobile Mapping

Geotechnical monitoring

Data processing

Video2BIM

TRACKORD

BIM4LCA

X2BIM data platform

Data usage

Consulting

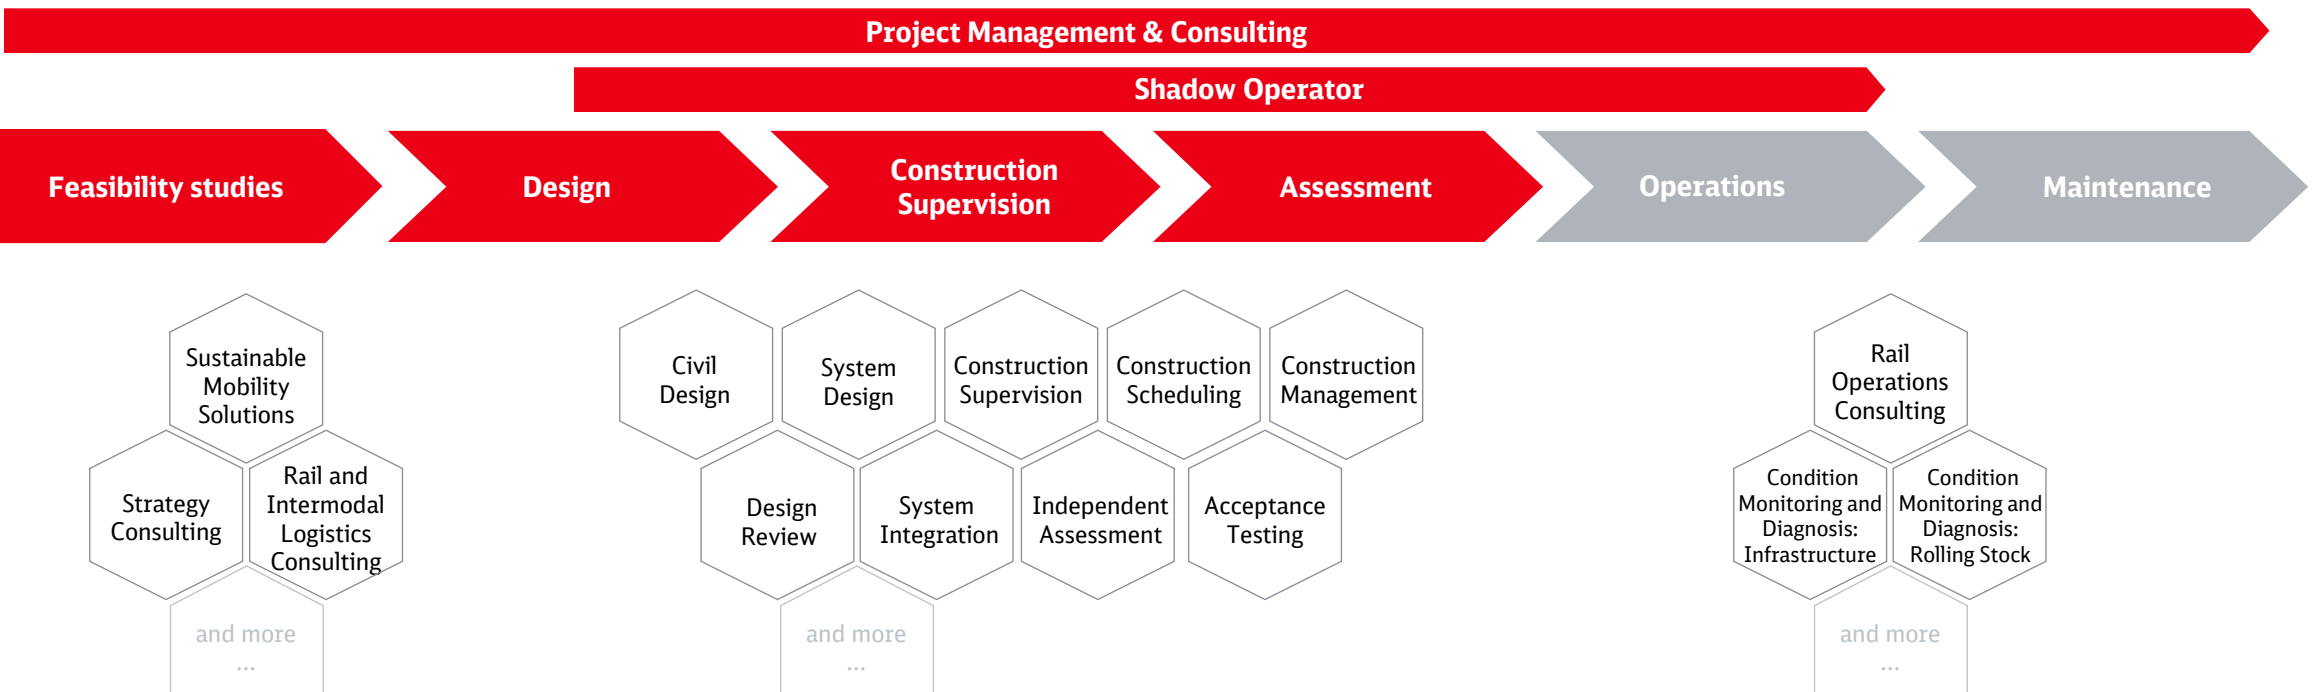

We make you a success!

We advise organizations and companies in all matters relating to infrastructure, mobility and logistics. We analyze strategic and operational requirements and find the right solutions.

Our services for your project:

- Mobility and Logistics Consulting
- Digital Services and Solutions

Customized products for every life cycle phase
