DB Vertrieb GmbH

As a 100% subsidiary of Deutsche Bahn AG, DB Vertrieb GmbH is actively shaping the mobility transition at various levels - in the train station, on the train and as a consultant for the local transport sector. DB Vertrieb GmbH's portfolio includes various services for passenger transport: from ticket machines and travel centers to video travel centers and app-based mobile ticket control. The focus is always on customers - regardless of whether they are public transport authorities, (railroad) transport companies, transport associations or passengers. DB Vertrieb plays a central role when it comes to strengthening trust in the public transport system.

DB Vertrieb offers its partners a multifaceted range of services:

- Ticket machines
- Travel centers
- Video travel centers
- Agencies
- Abo center
- Deutschland-Ticket
- Deutschland-Ticket as Jobticket
- Mobile ticket control
- Passenger tracking systems
