DB Regio

Connecting what moves us.

DB Regio is the trusted partner for modern and sustainable local transport in Germany. As the market leader, we ensure that people in conurbations, towns and rural areas reach their destinations reliably. Our rail and road network efficiently connects regions, towns and local communities, whilst guaranteeing optimal connections to other modes of transport.

Whether by rail or road: day in, day out, DB Regio gets millions of passengers where they need to go – flexibly, sustainably and reliably.
